My dear Son,

I enclose circular just issued by Prof. Emmons who I am informed has gone to S. D. with the purpose of placing the Stock of his Corporation on the Board & clearing a boom. What about the "facts" with the regard to the present condition of the mines? If you have just been there you will know. If you have not are you on such terms with Myers that you could ask him confidentially if that circular fairly represents the condition and prospects of the mine?

Since I mailed you this my Ed has been ill and plans to safe arrival of his family — all well.

Let Redstreake also ill and wishes to be kindly remembered to you.

It is warm as midsummer.

We have desired information along with the matter on Jamison please retain for our meeting in Chicago.

Yours truly Father

W J Cheyney
